

This sheet covers bottle, label and outer box specifications for two products, plus the exact printed copy for each. Artwork source files are supplied separately in **.AI and print-ready PDF** format.

1 · BRAND COLOURS

COLOUR	PANTONE (SPOT)	CMYK (OFFSET)	HEX	USED FOR
 Oxblood	504 C or nearest	0 / 87 / 76 / 71	#4A0A12	Logo, product name, all primary text
 Ruby	202 C or nearest	0 / 80 / 62 / 45	#8C1C35	The "+" in product names, rules, accents
 White	Unprinted stock	—	#FFFFFF	Background — box and label both white

Colour note: deep reds shift badly between paper stocks and between offset and digital printing. Please send one **physical printed proof** of the label and box before the full run. We will approve on the printed sample, not on a screen PDF. If spot Pantone is not economical at this quantity, CMYK is acceptable — but the two colours above must remain visibly different from each other.

2 · BOTTLE

Type	30 ml amber dropper bottle — standard boston round, as per reference photo supplied
Material	Amber glass or amber PET — please advise which you stock and the price difference
Dropper cap	Black ribbed dropper cap with rubber teat — standard, no metallic collar
Fill volume	30 ml
Confirm to us	Exact bottle height, body diameter, and the maximum label size that wraps cleanly — we will size artwork to your bottle, not the other way round

3 · LABEL

Material	Waterproof matte vinyl sticker (not art paper — serum bottles get wet hands)
Type	Single wrap-around label, front and back zones on one piece
Size	Approx. 90 × 45 mm — to be confirmed against your bottle dimensions
Printing	Full colour, 2 colours + white base as above
Finish	Matte lamination
Quantity	As per order — same size and die for both products, only the printing changes

4 · OUTER BOX

Style	Tuck-end box (straight or reverse tuck)
Material	Art card 300–350 GSM
Size	Approx. 35 × 35 × 110 mm — confirm against bottle with dropper cap fitted
Printing	Offset, full colour on white stock
Finish	Matte lamination only. No foiling, no spot UV, no embossing — printed colour only
Inside	Unprinted

Cost note — please confirm: both products use the **same box size and same label size**. Only the printed artwork differs. So one cutting die for the box and one for the label should cover both products, with two print runs. Please quote on that basis. If a separate die is genuinely needed per design, tell us and we will reconsider ordering a single product first.

5 · PRINTED COPY — NIACINAMIDE+

LABEL · FRONT PANEL

[لعل monogram]

L A A L

Niacinamide+

Niacinamide 5% · Zinc PCA 0.5%

OIL CONTROL SERUM

30 ml e

LABEL · BACK PANEL

NIACINAMIDE+ — Oil Control Serum. For oily, congested and blemish-prone skin.

DIRECTIONS: Cleanse. Apply 3–4 drops to damp skin, morning and night. Follow with moisturiser. Use sunscreen daily.

INGREDIENTS (INCI): Aqua, Niacinamide, Zinc PCA, Sodium PCA, Glycerin, Propylene Glycol, Hydroxyethylcellulose, Polysorbate, Acrylates Crosspolymer, Phenoxyethanol.

WARNINGS: For external use only. Patch test before first use. Avoid contact with eyes. Discontinue if irritation occurs. Keep out of reach of children. Store below 30°C away from direct sunlight.

Net content 30 ml · Use within 6 months of opening
Batch No. _____ · Mfg _____ · Exp _____
Manufactured by [manufacturer name and full address] for LAAL, Islamabad, Pakistan.
Made in Pakistan · [website]

6 · PRINTED COPY — HYALURONIC+

LABEL · FRONT PANEL

[لعل monogram]

L A A L

Hyaluronic+

Hyaluronic Acid · B5 · Vitamin E · B3

BARRIER REPAIR SERUM

30 ml e

LABEL · BACK PANEL

HYALURONIC+ — Barrier Repair Serum. For dry, tight, sensitised and over-exfoliated skin.

DIRECTIONS: Cleanse. Apply 3–4 drops to damp skin, morning and night. Follow with moisturiser. Use sunscreen daily.

INGREDIENTS (INCI): Aqua, Niacinamide, D-Panthenol, Sodium Hyaluronate, Tocopheryl Acetate, Pyridoxine, Amino Acids, Allantoin, Phenoxyethanol.

WARNINGS: For external use only. Patch test before first use. Avoid contact with eyes. Discontinue if irritation occurs. Keep out of reach of children. Store below 30°C away from direct sunlight.

Net content 30 ml · Use within 6 months of opening
Batch No. _____ · Mfg _____ · Exp _____
Manufactured by [manufacturer name and full address] for LAAL, Islamabad, Pakistan.
Made in Pakistan · [website]

7 · BOX COPY

Box carries the same content as the label, laid out across panels:

Front panel	Monogram · LAAL · product name · actives line · descriptor · 30 ml
Back panel	Full INCI · directions · warnings · net content · batch/mfg/exp panel · manufacturer and brand owner line · Made in Pakistan · website
Side panel 1	Product name and actives, repeated small (for shelf display when boxed side-on)
Side panel 2	"Every ingredient printed. Every active named." · 6M period-after-opening symbol · storage line
Top / bottom flaps	Monogram on one flap, blank on the other

WHAT WE WILL SEND

- Adobe Illustrator **.AI** plus print-ready **PDF**
- All fonts converted to outlines
- **3 mm bleed** on all sides, crop marks included
- **CMYK** colour mode, 300 dpi minimum
- Die-line on a separate named layer
- Monogram supplied as **vector** for clean printing at all sizes

WHAT WE NEED FROM YOU FIRST

- Bottle dimensions and maximum wrap label size
- Box die-line template at your standard size, or confirmation of the size above
- Photos of available bottles and dropper caps
- Whether you need Pantone or CMYK for this quantity
- Confirmation that matte lamination is included in the quoted price

APPROVAL SEQUENCE

- Die-line template from you → artwork from us
- Digital proof → our written approval
- **One physical printed sample** → our final approval
- Then full production run

Please note: the batch number, manufacturing date and expiry date panel must be printed or over-printed on every unit – label and box both. If your process prints these separately (stamp or sticker), confirm the method and we will leave the space clear in the artwork.
